## IA 1139-NOL Instructions continued

operating loss can be carried back by using form IA 1139-NOL.

### Capital Losses

Capital losses may be carried back on form IA 1139-CAP.

### General Instructions

Form IA 1139-NOL can be used only for the carryback of an Iowa net operating loss or an Iowa alternative minimum tax net operating loss. If any other changes are involved, form IA 1120X must be filed.

Carryback claims must be filed within three years of the due date of the return producing the loss. Attach copies of page 1 of your Iowa return for all periods involved with this claim, including the loss year and any federal claims involved (1139 or 1120X). Include supporting documentation for an alternative minimum tax loss (both federal and Iowa alternative minimum tax schedules for the loss year and carryback years).

For tax years beginning after August 5, 1997, and prior to January 1, 2009, an Iowa net operating loss may be carried back two tax periods and carried forward 20 tax periods. Prior to January 1, 2009, losses resulting from a casualty or theft loss or losses attributable to a presidentially-declared disaster area can be carried back three years.

### Specific Instructions

**Corporation name and address and FEIN:** Check box if different than on returns as filed.

**Tax Type:** Check the appropriate box.

**Loss Information:** Check the appropriate box and provide the amount of Iowa loss. Show the remaining loss to be carried forward after this carryback. Indicate whether any year involved in this claim has been adjusted by federal audit. If yes, include a copy of the federal audit.

### Accrual basis tax returns

In computing the Iowa net operating loss carryback for accrual basis tax returns, the net operating loss year should be reduced by 50% of the federal tax refunds accruing to the loss year. If you are using filing status 2 or 3, the federal refund is computed using the "Loss Producers" formula set forth on Schedule H, Computation of Federal Tax Refund / Deduction. Even though the federal rule on state refunds has changed, Iowa is not changing its position on the accrual of federal refunds. We will still require the federal refund to be accrued to the Iowa loss year return.

**As Last Reported On:** The figures used should be from the last form filed ( IA 1120, IA 1120A, IA 1120X or IA 1120F, 1139 claim for refund, amended return, or last audit completed). Provide the form number of the last form filed or the date of the last Iowa audit.
